CONNECTING THE WORLD OF CONSTRUCTION

Euro-Mat Dashboard is a [Data Sharing Project](#)

07-11-24 | MADRID

[Data sharing is the process of making the same data resources available to multiple applications, users, or organizations.](#) It includes technologies, practices, legal frameworks, and cultural elements that facilitate secure data access for multiple entities without compromising data integrity. Data sharing improves efficiency within an organization and fosters collaboration with vendors and partners. Awareness of the risks and opportunities of shared data is integral to the process.
